(Los Angeles, CA – March 24, 2022) Today, Multi-platinum singer-songwriter Christina Perri released her brand new single, “evergone.” Listen [here!](#) The new track marks Christina’s first studio single in 8-years since the release of her RIAA 2X platinum certified hit, “Human.” The single was written by Christina, Jennifer Decilveo, Jordan Miller, and Jason bell and produced by Jennifer Decilveo. The song follows Christina as she begins to heal from the grief of losing her daughter Rosie. Through her journey, she realizes that Rosie will never really be gone and will remain with Christina forever through her memory.

Of the release, Christina shared, “My new single ‘evergone’ is so much more than another release. It is a story about grief and loss and choosing to believe the person you lost isn’t really gone. Writing this song helped me heal from the recent loss of my daughter, Rosie. I hope my words help others through their own grief and healing.”

The new single follows Christina's lullaby album from late 2021, *songs for rosie*, which honors her daughter Rosie, who passed away 1 year ago on November 24th, 2020.

Christina just finished recording her highly anticipated third full length album and will be announcing its release soon.

About Christina Perri

Multi-platinum singer-songwriter Christina Perri has earned critical applause and an increasingly fervent fan following since the arrival of her extraordinary, platinum-certified, 2011 debut, *lovestrong*, which featured the 5x-platinum certified smash, "Jar of Hearts" and gold-certified "arms." Perri followed *lovestrong* with the worldwide hit single, "A Thousand Years," exclusively featured on THE TWILIGHT SAGA: BREAKING DAWN – PART 1 & 2– ORIGINAL MOTION PICTURE SOUNDTRACKS. The RIAA diamond certified track was a multi-format radio favorite, and accompanied by an equally popular companion video, now boasting over 1.3 billion individual views via YouTube alone. *HEAD OR HEART*, Perri's acclaimed gold-certified, second album, arrived in 2014, highlighted by the RIAA 2X platinum certified single, "Human." Perri kicked off 2019 with *songs for carmella: sing-a-longs and lullabies*, a collection of songs the acclaimed singer-songwriter sang to her daughter everyday, released on Carmella's first birthday. More recently, Perri released the poignant single "Tiny Victories," a track she wrote for the HBO documentary FOSTER, which made its premiere in Spring 2019. Most recently, she released *songs for rosie* in honor of her daughter on what would have been her first birthday. Perri is currently working on her much anticipated, third full length album.
